REGULAR MEETING OF THE CITY TRUSTEES

BAND GIVEN ONE HUNDRED TWENTY-FIVE DOLLARS.

WEEDS WILL BE DESTROYED

Red Lights Will Be Placed On Flag Pole; Leave of Absence Granted Clerk and Marshal; Bids Asked For Caring For Garbage.

At the meeting of the city trustees, Monday night, Trustee Vavra reported that the county was not improving the road beyond Quincy street, or Newland road; therefore he did not think there was any reason why the city should make any improvements until the county authorities had made the contemplated improvements. He thought that something should be done to better the conditions on Third street. President French asked City Engineer Spencer if some of the old oil stored at Fifth and Magnolia could not be used to advantage, and Mr. Spencer stated he believed it could be so used. There was one place on Knoxville, Mr. Vavra said, that should be attended to. W. S. Thomson, he said, had agreed to furnish a team if the city would furnish a wagon and water for sprinkling some of the streets.

Band Given One-Half Asked For.

A communication was read by City Clerk Chas. R. Nutt from the Huntington Beach municipal band, asking for $250 to cover the present deficit of about $70 and for such other items as might be required in the future. Trustees Vavra, Drew and Chapin did not think the city should be asked to give that sum at this time, as all expenses in the past had been taken care of by it, and would probably be in the future, but bills should be paid when they were presented for approval. On motion of Mr. Drew, seconded by Mr. Decker, the band was given $125.

Two bills from the Chamber of Commerce for $20.50, incurred by the Community Educational Fair, were presented for payment out of the music and promotion fund, and Trustees Drew and Chapin of the finance committee declined to approve them until the entire board had passed upon them. Trustee Drew voted against the motion to approve.

The salary of Mrs. Grace Brose, deputy assessor and general assistant in the city clerk's office, was raised from $60 to $75.

City Marshal John Tinsley and City Clerk Chas. R. Nutt were granted a leave of absence for two weeks, and Constable G. S. Bergey was appointed city marshal during Mr. Tinsley's absence.

On motion of Trustee Drew, seconded by Trustee Chapin, City Manager Spencer was authorized to place four red electric lights on the flag pole, and Mr. Drew asked if it made any difference as to the city's liability in case of accident, as to whether the board had authorized the erection of the pole at the street intersection. President French said if traffic rules were observed there was no chance for an accident. City Attorney Nelson was asked to render a written opinion on the subject.

City Manager Spencer stated he had a price of $10 for a sample wire guard for the light globes on the pier, and that additional ones could be made at a cost which would be less or more than that price. Mr. Vavra moved that the city purchase the sample at the price named, and the motion prevailed.

Mr. Spencer was authorized to purchase a pipe jack from L. G. Garnsey for $30, being about one-half the price of a new one. This jack is used for forcing pipe underground where it is desired to run under a sidewalk or other obstruction.

Weeds Will Be Destroyed.

A resolution for destroying the 1918 crop of noxious weeds was read the first time and will be given final reading next Monday evening. At the suggestion of Mr. Vavra, the zone to be cleaned this year will be extended along Main street up to Wesley. In the past the district terminated at Palm. The west boundary will be 17th street.

A motion was carried directing the city manager to advertise for bids for taking care of the garbage for the coming year.

Mr. Spencer reported that a permit was desired to connect two small houses opposite the city hall with a porch that would not be in accordance with the fire ordinance, and the board decided that there should be no deviation whatever from the law.

Play Ground Apparatus.

When the matter of constructing apparatus for the play ground on the beach was up for consideration, Mr. Spencer stated he found that after consulting with the Huntington Beach Company and the Grammar school board that he found that there would be a big saving in having the work done at home, with two or three exceptions. Mr. Spencer was authorized to spend $350 for this purpose, the motion being made and seconded by Trustees Drew and Decker.

There was a petition signed by 197 citizens read by the clerk, asking that a special election be called and allow the voters of the city an opportunity to vote on the question of abolishing the office of city manager.

The following citizens attended the meeting: Judge Copeland, H. V. Anderson, Judge Warner, Henry Gibbs, W. J. Williams, F. W. Bruggeman, R. A. Johnston, J. L. Sanders, Earl Miller, Lewis Bingle.

THERE ARE BUT FEW YOUNG MEN LEFT HERE.

ONLY TWELVE ASKED TO BE REGISTERED.

There were but twelve men applied for registration Wednesday in compliance to the call of the Government for all men who have reached their majority since June 5, 1917, to qualify for military service, which indicates to what extent the young men of this district have been inducted into the service by volunteering.

The local board at Fullerton anticipated a registration of about 250 in District No. 2, comprising the northern section of the county, and there were but 133.

Two of the registrants were Mexican aliens and one was an Indian, born at the San Gabriel mission. The aliens are exempt, and the Indian has a dependent mother and nephew. One of the white boys is married and one other is supporting his mother, consequently there are but seven of the twelve that made no claim for exemption. Those registering were:

Charles Berton Walton and William Harold Price of Westminster; Harry Aloys Schonle of Wintersburg; Ross Robeles of Bolsa; Lorraine Elwell Tarbox, Paul John Hallicy, Albert LaVerne Cooper, Paul Earl Pilgreen, Joseph Henry Livernash, Santos Escobar, Jose Berrera and James Lindsey Cole of Huntington Beach.

Mr. Pilgreen enlisted in the navy, Tuesday, and expects to be called very soon.

"BILLY" KESEMAN IS NOW A LIEUTENANT.

Mr. and Mrs. William Keseman of Orange have received word from their son, William Keseman, Jr., in the aviation service at Ellington Field, Houston, Texas, that he has been given a commission as lieutenant, which is assurance that he will soon become an instructor in one of the various schools, which he hopes will be in California. This shows that Will is making the progress that many of his friends here have predicted he would when he decided to enlist in the service.

He is now taking a course in aerial gunnery. He sends greetings to his many friends in this vicinity.

THERE WERE 64 SCOUTS FROM OTHER SECTIONS.

There were 64 members of the Boy Scouts from other cities in Orange county in the parade Memorial Day, there being three companies from Santa Ana, one from Placentia, one from Brea and a few members from Anaheim.

Scout headquarters were opened up in the Beggs building on Main street for the day. The Scouts are grateful to the Huntington Beach Company for the low rate made at the bath house to the Scouts Memorial Day.

The movement here is in charge of Cecil McCoy and Clyde Wardman.

MELVIN W. BUSTER IS ONE OF THE FLYERS.

Mrs. Starr-Robertson has received word that Melvin W. Buster is now in the aviation service at Taylor Field, Montgomery, Ala., and is proud of the fact that he is able to operate one of the planes himself. Melvin formerly resided with his mother and stepfather, Mr. and Mrs. C. E. Lewis, when they resided in the Talbert district.

MONTHLY MEETING OF CHAMBER OF COM.

FALL FESTIVAL WAS ONE OF TOPICS.

CABBAGE WILL BE GROWN HERE

Effort To Be Made To Get Ship Yard Workers; Some Folders May Be Printed; Effort Will Be Made to Continue Tent City.

There was an interesting meeting of the Chamber of Commerce Friday night of last week in the library building.

The first question discussed was the one of bringing shipyard workers to Huntington Beach to reside. It was reported that Agent W. R. Osborne of the Pacific Electric Railway Co. stated that a round trip rate of 21 cents could be granted and the running time of cars reduced to 30 minutes, and that a special car would be provided for 16 passengers.

President French asked what would be the best way to take up the question, and after a lengthy discussion it was decided to have President French call on the housing committee at San Pedro, Monday, and open up the question for final solution.

H. L. Heffner doubted if there were enough modern houses here to interest many of the families, as most of the vacant residences are old and undesirable.

The Yacht Races.

Wm. C. O'Connor reported for the entertainment committee relative to the yacht races to be given by the Newport Beach Yacht Club, recommending that a challenge cup be given by the Chamber of Commerce, to cost about $100, to be competed for, and owned by the party winning it three consecutive years. He also thought a small trophy cup, to cost about $10, should be donated by the Chamber each year.

Judge Copeland brought up the matter of some new folders for advertising. Judge Seely said they were badly needed. At the suggestion of Mr. Heffner, the committee will submit an estimate of the probable cost of a folder.

The question of allowing garbage cans to stand near the entrance to the pier was considered, and by unanimous consent the Chamber of Commerce recommended to the city trustees that the ordinance relative to garbage cans standing on or near the street be enforced.

Trustee Joseph Vavra reported that two streets were being improved by chiseling—Palm avenue from Main to Twenty-third and Orange from Main to Seventeenth street.

Tent City Company.

Judge Copeland asked what progress had been made about the reorganization of the Tent City Company.

Mr. Heffner was asked to give his views on the subject. He stated that the proposition had been outlined in a general way in the News, and he believed it would be of great value to the city. He suggested that $10,000 worth of stock be sold to citizens in any desired amount.

Dr. Wilson, who stated at a previous meeting that he did not believe $5,000 additional sufficient to warrant the stockholders of the Tent City Company voting to continue, said he would favor the move if $10,000 were subscribed.

Mr. Heffner said that the primary object of the new company would be to extend and perpetuate the community events that had been so successfully given by the Chamber of Commerce. These events, he said, should be permanent, otherwise they would be sporadic and the initiative would soon be lost. Mr. Heffner said that the community events had been of more value than anything else that had happened in Huntington Beach. He said that the Huntington Beach Company had spent $20,000 in the past few years for advertising, and the results had not been anything like as satisfactory as were those of the community day affairs that have been given at regular intervals since last September.

President French appointed Judge Copeland and R. C. Turner to assist the committee on manufacturing and commerce, of which R. L. Obarr is chairman, in soliciting subscriptions for the Tent City.

Judge Copeland brought up the matter of establishing a play ground on the beach. Mr. Heffner stated there was no use in buying this apparatus outside, as it could be made here at about one-fifth the cost if purchased from manufacturers in that line.

Will Grow Winter Cabbage.

Mr. O'Connor submitted an outline of a co-operative agreement between farmers that desire to market their products through an association, such as is being successfully operated in other sections of the state. The primary object of the association will be the growing of winter cabbage, for which most of the ground in this vicinity is adapted. He said that if 300 could be signed up for the growing of cabbage, a packing house would be constructed to care for the crop. The agreement he presented contained the signatures of five farmers who agreed to grow 50 acres of winter cabbage. The initiation fee is $10.

On motion of Mr. Heffner, seconded by Mr. Vavra, the proposition presented by Mr. O'Connor was unanimously endorsed by the Chamber of Commerce.

Will Celebrate July 4th.

It was decided to offer some entertainment for visitors on July 4th, which will consist largely of Japanese performers.

Mr. Vavra asked if it was too early to begin talking about the Fall Festival, and was assured that it was always in order to talk about this interesting coming event, which will probably be held the last week in September.

Principals Brown and Campbell Endorsed.

A motion by M. A. Turner that patriotic work of Principals V. B. Brown of the High school and Harold H. Campbell of the Grammar school be endorsed prevailed without dissent.

JUNIOR RED CROSS TO BE CONTINUED.

MEET WEDNESDAY AFTERNOONS IN CLUB HOUSE.

Arrangements have been made to continue the good work of the Junior Red Cross work of the Grammar school through the vacation period. Since the Juniors were organized in the school Miss Georgia Stebbins of the faculty has had charge of the work, and splendid results have been obtained.

The summer campaign will be in charge of Mrs. Owen D. Peters, president of the Parent-Teacher Association, assisted by Mrs. Katherine Moore. The headquarters will be in the Woman's club house, which will be open Wednesday afternoon of each week from 1:30 till 5 p. m.

Committees have been appointed from the Methodist, Christian and Baptist churches, Rebekahs, W.R.C. and Daughters of Veterans to assist in the work.

LIEUT. LEWIS W. BLODGET ENJOYING FURLOUGH.

WILL REMAIN IN SOUTH FOR TEN DAYS.

Lieutenant Lewis W. Blodget of Camp Fremont, Palo Alto, is at the home of his parents, Mr. and Mrs. S. L. Blodget, of Eighth street, enjoying a furlough of ten days, being his first vacation of that duration since he entered the service, last September, when he was enrolled at the officers' training camp at the Presidio, San Francisco, where he was successful in getting his commission.

Lieutenant Blodget has recently been promoted, and now has charge of the 37-millimeter cannon of the camp. He states that the Liberty boys have no use for the Hearst newspapers. The young officer is anxious to get to France and assist in annihilating the Huns.

MR. BOWMAN IS NOW OWNER OF BROOM CO.

H. A. Bowman is now the sole owner of the Beach Broom Co., having purchased the interest of his partner, H. Thompson. The company has two cars of broom corn ordered, which will be sufficient stock until the new crop is harvested. Last year the company closed on account of a shortage of corn.

Mr. Bowman reports a satisfactory business, with mail orders enough to keep the factory in operation.

A BIG CABBAGE.

Mrs. I. R. Moore of Florida and Joliet sent to the News office, Tuesday, a cabbage of the Black Dutch variety that weighed 16 pounds, and is considered some cabbage head for this season of the year.

CLASS NIGHT WILL BE JUNE EIGHTEENTH

CLASS PLAY WILL BE GIVEN JUNE 19TH.

BREEZY STUDENT BODY NOTES

Rev. Farley of the Christian Church Will Preach Baccalaureate Sermon In Methodist Church; Student Body Officers Elected.

(Grace Foley, Press Reporter)

Elections are a matter of annual procedure and importance, so that all students and friends of the High school will be interested to know the outcome of the Student Body election. As has been before stated, Royal Jumper was chosen as the man for the place of the presidency and Carmel Grana as book store manager, in the election of May 22; and on May 29th the complete offices were filled as follows:

First vice-president, Elise Armitage; second vice-president, Russel Alford; secretary, Fae Harris; treasurer, Leonard Cady; auditor, Jack Given; athletic manager, Maurice Price; debating manager, Eva Murdy; lecture course manager, Teddy Tarbox.

The installation of these officers will occur on Thursday, June 13th, when the new officers shall take up their duties for the remainder of the year in order that they may become accustomed to the responsibilities that shall be theirs next year.

At that assembly the awarding of medals and monograms shall also take place. The athletic men will receive their monograms, the debaters will likewise receive theirs, and the honor pins shall be presented to those Student Body officers fulfilling faithfully the office for the entire year. This latter custom had its first precedent last year when the small sterling pins bearing the "H.B.H.S." and year of service after letter representative of the office were adopted by the Student Body. Thursday's assembly is to be, no doubt, one of the most interesting of the year to students and faculty alike.

Commencement time draws very near, and the Seniors are busy, as are hundreds of other Senior classes all over the land. Preparations for Class Night are under way, and the week of Senior activities is contemplated as follows:

Tuesday evening, June 18, Class Night.

Wednesday evening, June 19, Class Play, "The Butterflies."

Friday evening, June 21, Commencement Exercises in High school auditorium. The baccalaureate sermon will be preached at 3:00 p. m. in the Methodist church by the Rev. Farley of the Christian church.

Without doubt, the public recognizes this Senior class as established as the first war class, and will appreciate the economies exercised in the matter of dress and social affairs. Through the earnest efforts of the Senior class the publication of the Cauldron was deferred for this year, owing to war times, and the editor-in-chief of that publication, John Murdy, was the author of a recommendation to the board that the money which should have usually been spent on the Cauldron this year be devoted to repairing the athletic grounds. But let it be understood that the Senior class is glad of the opportunity to aid in this small way the great cause of democracy.

It is probably known that the boys have organized into a Boys' Working Reserve for farm work to be done following the close of school. Maurice Price is chairman, and the Reserve has been organized under the leadership of Mr. Swift.

The Boys' Cadets had a delightful camping trip to Silverado canyon on Thursday, May 30, and remained there until Sunday morning, June 2. Mr. Brown accompanied the boys, and he is hailed as a "jolly good sport." It is evident that all the good things which we hear about them eating had no ill effect, as they now seem possessed of more "pep" than before the trip. After the admirable drill work done by our Cadets on Memorial Day we are confident that all will admit our defense quite adequate against any invasion. United we stand !——!

CITIZENS PETITION TRUSTEES FOR ELECTION.

ASK FOR THE ABOLISHMENT OF CITY MANAGER JOB.

There will be a special election in Huntington Beach in the near future to determine the question of whether a majority of the voters of the city favor the abolishment of the office of city manager or not.

There were 484 votes cast at the recent city election, and there are 197 names on the three petitions now on file in the office of the city clerk, being but 46 votes short of a majority of the votes cast at that time. However, the registration was 593.

The petition is more than sufficient to warrant calling the election, as but 73 signatures are required to comply with the law. Two of the petitions were circulated by F. W. Bruggeman and one by L. R. Whitney. The following names appear on the petitions:

Society and Personal

W. C. T. U.

There was a well-attended meeting of the Woman's Christian Temperance Union in the Methodist church, Wednesdey afternoon. The feature of the meeting being the address of County President Mrs. L. C. Yeoman of Santa Ana, who gave an interesting outline of the plans being considered by the state organization for the establishment of Home Missions at San Pedro and Camp Kearny for the benefit of soldiers and sailors. This meeting is known as Flower Mission day and 55 boquets were delivered about the city, the annual event occuring the first meeting in June of each year.

Woman's Club.

The next meeting of the Woman's club will be held in the clubhouse Tuesday afternoon, June 11th. The Home Economics committee has arranged with Miss Georgia Stebbins of the Grammar school faculty to speak on the fundamentals of cooking and food conservation. Miss Stebbins will also talk about the Junior Red Cross work and display some samples of work. As this is a subject that should interest everybody, a large attendance is anticipated.

From Colorado.

Mr. and Mrs. Floyd Mendenhall of Granada, Colorado, arrived in Huntington Beach, Friday of last week, being the house guests of Mr. and Mrs. C. H. Thatcher. Mr. Mendenhall has gone to the Presidio to enter the officers' training camp, and Mrs. Mendenhall will remain with Mr. and Mrs. Thatcher for some time.

From Camp Kearny.

Malcolm Keith of the 143rd Field Artillery at Camp Kearny, was in Huntington Beach, Tuesday. He was with the boys that traveled from the camp to Los Angeles. Malcolm was employed for a short time by the News prior to enlisting last summer. Mr. Keith is in the supply department and is very anxious to get to France.

From Arizona.

R. E. Graves of Tucson, Arizona, was in Huntington Beach, Wednesday. The company where Mr. Graves is employed owns land adjoining the Mexican border, and he states that there is no evidence of trouble along that section of the line. Mr. Graves' daughter, Maxine, will spend the summer in Long Beach with Grandfather Graves.

From Colton.

Mr. and Mrs. C. E. Lewis and Mr. and Mrs. Fred O. Lewis and son Oscar of Colton were the Sunday guests of Mrs. Starr-Robertson. They enjoyed the good fishing Sunday and said they would be here often this summer. Mrs. C. E. Lewis is a niece of Mrs. Starr-Robertson.

From Fullerton.

Mr. and Mrs. Robert E. Corcoran and family of Fullerton have leased the house at Ocean and Fifth, formerly occupied by Mr. and Mrs. C. E. Kutzner, and moved Saturday, and will spend the summer here and may remain longer, as the house has been rented for a year.

Left For North.

E. T. Grey left Tuesday for Pertola, in Humboldt county, north of San Francisco, where he purchased a farm some time ago. He has been here for some time settling up his affairs, during which time Mrs. Grey and Miss Hester and Hartsel have resided on the northern ranch.

B.Y.P.U. Social.

The social given at the home of Mr. and Mrs. L. C. Preston, Tuesday evening, by the young people of the Baptist church, was a splendid success, there being about fifty present. Director D. C. Williams of Los Angeles gave a fine talk.

From Arkansas.

W. M. Smith of Fort Smith, Arkansas, arrived in Huntington Beach, Friday evening of last week, and visited a few days with Mr. and Mrs. L. A. Stevenson before entering the service. Mr. Smith is a half brother of Mr. Stevenson.

Eastern Star.

The next regular meeting of the Eastern Star will be in Odd Fellows' hall, Tuesday evening, June 12, at 8 o'clock, when five candidates will be started on the trail that will lead them through the hidden mysteries of the order.

HIGH SCHOOL AFFAIRS NOT VERY HARMONIOUS

ACTION OF SCHOOL BOARD CRITICISED.

MAJORITY FAVOR MR. BROWN

Autocratic Rule of the President Denounced; Prospects Not Encouraging For Next Year; Committee Calls On Board.

Perhaps nothing that has happened since the organization of the Huntington Beach Union High school district has occasioned so much adverse criticism as has the action of the High school board in dismissing Principal V. B. Brown.

The opposition crystallized in the appointment of a committee, Friday evening of last week, to interview the school trustees and get their version of the question before passing judgment.

The committee called upon the board Monday afternoon and Judge Copeland, chairman, stated in a very affable and dignified manner that the committee had called to get the board's view of the question, saying that the action of the board in dispensing with the services of Mr. Brown came as a stroke of lightning out of a clear sky, and he felt that the board must have some good reason for its decision and would no doubt be pleased to inform the committee. Judge Copeland said that the committee did not particularly have in mind the reinstatement of Mr. Brown, but hoped that some way could be found to insure a good school. None of the committee, he said, as far as he knew, had anyone to suggest for principal, but all felt that if there was to be a new principal there should be some further housecleaning, that would insure a more harmonious condition in the school than the public believed existed. He then asked if the board at that time cared to state any reason to the committee.

Dr. Huff, chairman of the board, made a long talk, much of which had little or no bearing on the case. He stated that Miss Wilson was an old friend of Mrs. Huff's, and he had all the confidence in the world in her ability as a teacher, and that she had taught for several years in one school before coming to Huntington Beach and was in harmony with her principal, and there was no reason why such a condition should not exist here if the right man was in office. Dr. Huff made the positive statement that Mr. Brown came to this school for the purpose of crushing Miss Wilson and getting her out of the school. Dr. Huff said he regretted that Mr. Brown had not made good, as he had been his original supporter, and Mr. Brown would not have been in the school had he not voted for him several times alone.

He said that Mr. Brown had called him up and annoyed him about small matters that board members should not be troubled about. He finally decided that he would make his reason "general inefficiency."

The other members of the board present were F. H. McElfresh of Huntington Beach; R. E. Larter of Westminster and P. A. Isenor of Wintersburg.

Mr. Isenor stated he had several reasons why he would not vote for Mr. Brown, but did not care to state them to the committee.

The board was informed that Mr. Brown was considered an educator of ability and a man of fine character, and that the citizens of the community believed that he had been successful in the school. The committee also informed the board that from 75 to 90 per cent of the people of the district were favorable to Mr. Brown, notwithstanding the board's action in dismissing him. The committee favored the dismissal of two teachers who are believed not to be responsible to the principal but report directly to members of the board.

Mr. McElfresh and Mr. Larter were ready and anxious to do anything that would clear up the deplorable condition in the High school.

Dr. Huff would not consent to do anything, leaving the impression with the committee that he had decided the case and that settled it, and appeared to be annoyed that there were so many people in the district that were ready to say a good word for Mr. Brown.

The matter of recalling Dr. Huff has been considered, but he is immune for six months after the election. The six months after the election. He probably knows that he no longer represents the sentiment of the community, as he has been bombarded from every direction and has been told that he was decidedly unfair to the committee appearing before the board.

Other members of the committee were Mrs. C. A. Johnson, Mrs. C. E. Lavering, Mrs. Geo. O. Franklin, Mrs. J. A. McCoy, R. C. Turner and Jas. J. Conrad.

CHIEF CLERK WAS HERE THURSDAY.

G. H. GOBAR OF FULLERTON ACTIVE WAR WORKER.

One of the busiest men in Orange county these days is George H. Gobar, the popular chief clerk of the local board at Fullerton for District No. 2. Mr. Gobar was in Huntington Beach, Thursday morning, after the registration cards, and stated that the new men will be given serial numbers, which will be forwarded to Washington, D. C., where a drawing will take place, probably similar to the one last fall, for the purpose of determining the order in which the men will be called to the colors.

Mr. Gobar is an attorney and is much interested in his work with the local board, and has conducted the office in a manner that has made him very popular with those whom he has come in contact.

MANY FISH ARE BEING CAUGHT DAILY.

BIG RUN OF HALIBUT ALONG THIS WAY.

Fishing has been better for the past week than for any time for the season. There has been a big run of halibut along this section of the coast, and a large number have been hooked from the pier. Bushels of herring have also been caught.

There were probably close to 200 persons on the pier Sunday enjoying the sport, and most of them were rewarded for their efforts.

Mr. Farmer and Rancher:

Implement Sheds—Implement Sheds

All over the country the farmers are taking to heart the advice of Secretary of Agriculture Houston to build sheds to protect their farm implements.

The marked advance in prices of all agricultural implements has at last proved to the farmer that to leave any machinery out in the weather is simply throwing good money away.

We would be pleased to have you call and let us show you what we have to build this shed.

Graduation Exercises.

A fine program was given at the graduation exercises on Friday evening at the school auditorium. "The Star Spangled Banner" was sung by the audience; prayer by Rev. W. T. Wardle; Class History by Miss Maud Gibbons; recitation by William Kerr; Miss Glenna Wright, who won the first prize given by the Huntington Beach bank, read her essay on "Thrift;" William Kerr gave the class prophecy as he saw the seven members of the class in 1940—Charles Price, a teacher; Doris Thorpe, a lecturer on psychology; Maude Gibbons, an artist; Lucile Sudow, a musician; Opal Snyder, a suffragette; Wilbur Byram, a minister, and William Kerr, a doctor; Miss Marguerite Wright gave a reading, "The Americanizing of Andre Francois;" Lucile Sudow, who won first prize offered the Grammar schools, read her essay on "Thrift;" the Girls' Glee Club sang "I Will Be Gone For a Long, Long Time." Mr. Bevier Robinson said his school had given money for a new flag for the school house, and the dedication would be by the graduating class. Recitations were given by Opal Snyder and Doris Thorp, who held the flag, the rest of the class joining in the pledge of allegiance to the flag. Rev. Geo. Francis of Garden Grove then gave a splendid address, full of good advice to the children. W. Dean Johnston then presented the diplomas to the class. Mr. Robinson gave a few remarks and said he would not teach this fall, as he expected to enter his country's service in a few days. "America" was sung by the audience, and the benediction by Rev. H. Roissy. The class of 1917 then distributed flowers to the graduates.

Surprise Party.

A farewell surprise party was given Miss Laura Thompson at her home on Thursday evening by a large number of her friends. The surprise was complete, and a pleasant evening was spent. NEWS OF TALBERT & VICINITY

Served Dinner to Soldiers.

Monday two of the Utah Liberty boys of Co. F, 145th Utah, stopped at the camp of S. E. Talbert on the Paulerino ranch for dinner, being Lieut. Budd and Sergt. Dudman of the supply department. They came up around by Laguna Beach and missed the truck that was on the boulevard. Their horses were tired out, and Lieut. Budd went on ahead in a machine and left Sergt. Dudman with the stock. They stated the bread served at the camp was the best they had eaten in two years.

Epworth League.

There was a party in the Y.M.C.A. room of the church, Friday evening of last week, given jointly by the Silver Fox Club and Epworth League. About 20 young persons were present and enjoyed the occasion. Games were played and Rev. Andrews entertained the young people with magical tricks for about half an hour. The party was the second regular monthly event given by the organizations.

Silver Fox Club.

The Silver Fox Club is in a flourishing condition, the regular meetings being Thursday of each week. Monday is athletic night, when boxing, indoor baseball and basketball are enjoyed. The club members will enjoy their annual outing in July in Wolfskill canyon in the Sierra Madre mountains.

TAYLOR'S CASH STORE
BIG JUNE SALE

Begun THURSDAY MORNING, JUNE 6th, and the good people of Orang County will have an opportunity to buy Dry Goods, Shoes, Ladies' and Gents' Furnishings—in fact everything in our Big Store except Patterns and Koveralls—at Special or Cut Prices, for this is one of our old time all over sales when EVERYTHING GOES in except the two items mentioned. Our good friends all over Orange County know this means BIG SAVINGS on account of the continual advance in everything. We no doubt would be better off not to have this sale, but it has gotten to be a BIG ANNUAL EVENT that our friends and customers look forward to and we are not going to disappoint them. Read carefully and then "Come in and be Shown."

STAPLE DRY GOODS

In spite of the big advance in all Dry Goods, we are going to give you some wonderful bargains. Some things we bought months ago and have been saving for this sale.

6 Spools Thread	25c	Fancy Dress Ginghams	23c
36-in. Bleached Muslin	25c	Devonshire Cloth	39c
10-4 Standard Sheeting	72½c	27-in. White Outing	29c
72x90 Seam Sheets	98c	35c Peercale	29c
Hope Muslin	27c	Red Seal Gingham	29c

and lots of other items at less than you pay elsewhere. And now, ladies, listen:—Present prices may seem high, but they will positively be much higher soon; in fact we confidently expect to see everything in cotton goods from 20% to 25% higher before fall, so take our advice and buy enough to last all summer.

20 PIECES TISSUE GINGHAMS AT 23c

A beautiful assortment of new patterns just received. These Ginghams were bought Sept., 1917, and if we had to buy today would have to sell for 35c to 39c. Now, ladies, remember, only 20 pieces, so come Thursday or Friday if possible and buy dresses for all the family.

DRESS GOODS AND SILKS

Our Government has requisitioned all the wool, both on the sheep and in the warehouses, and is paying a price that makes our present price on Wool Dress Goods cheaper in many cases than we can buy the goods for, but in spite of this, we have cut the price on every piece of part wool and all wool Dress Goods. See the colored tags—they tell the story.

High prices for wool goods is making Silks a big item and we have also put cut price tags on every piece of silk in our store. If you are thinking of buying a silk waist or skirt it will pay you to come now and buy at cut price.

COATS, SKIRTS AND PETTICOATS

We have a few Coats left for Ladies, Misses and Children, and have put prices on them that should sell every one of them. And, ladies, listen: We have already bought some Coats for fall and you will save on these Coats on hand now from $2.50 to $5.00, so how can you make money easier? Cut price tags on all our Cotton, Cotton Mixed and Wool Skirts and also on all Silk Dress Skirts.

MEN'S FURNISHINGS

We have to keep our Men's Goods on our Balcony, and so can't give it the attention it should have, but, men, remember we carry everything you need except nice suits of clothes and wool trousers, and that means we can supply you with Shoes, Shirts, Underwear, Hats, Caps, Belts, Handkerchiefs, Overalls, Work Pants, Pajamas, Nightshirts, Socks, Suspenders, and for this sale every single item is cut in price; so either come yourself or send your wife and get fixed up for the summer and save lots of money.

SHOES SHOES SHOES

The agent for the biggest shoe house in the world has just been to see us and his entire line is withdrawn from the market. Our Government has requisitioned canvas lining and leathers of all kinds from them and what they have been forced to do hundreds of other factories will have to do the same. Fortunately for us months ago we covered our wants for a long time ahead and as long as our present stock lasts we are going to sell at old prices and in addition to that have, during our Big June Sale, cut the price on every shoe in our store. And remember we carry them for the entire family, so bring 'em all in. Let us "fit your feet and make them glad."

As we said before, it probably would have been money in our pockets hot to have had this cut price sale this year, but we make our money buying and selling, not holding, goods and our motto of "Cash Sales and Small Profits" is one thing that has enabled us to build up the business we have here in Santa Ana, so we have decided not to disappoint our customers. Remember we can only mention a few prices, but when you consider that we carry most "everything for everybody," and that every item in our store, except Patterns and Koveralls, is either specially priced or cut in price, you can realize what a saving it means for you to attend this sale Friday and Saturday, and every day next week. In addition to our regular sale bargains we will, as usual, have each day an Extra Special which will alone pay you for a visit to our store each day of the sale.

Yours for the biggest sale we ever had. Take your cars to our door.

RIGHT TO HEAL BY PRAYER AFFIRMED.

The recent decision of the United States Supreme Court in the case of Nickell against Stephens, when understood in connection with the issues and arguments presented by the printed record and briefs, conclusively disposes of constitutional objections to a form of statute that is to be found in a majority of the American states.

It was a California statute under consideration in that case, but it differs only in details from the statutes of most of the other states of the Union. The act in question requires physicians of all schools and most "drugless practitioners" to be licensed, but provides that this requirement does not apply to treatment by prayer or the practice of religion.

The case which has now been decided was the second attack on the statute by an association of chiropractors and other "drugless practitioners," who contended that the statute is unconstitutional because it requires them to be licensed but exempts persons whose practice is limited to prayer or religion. In the first case (Crane against Johnson, 242 U. S. Reports 339, decided Jan. 8, 1917) the United States Supreme Court rejected practically the same objection to the same statute, holding that the inherent difference between the practice of religion and other practices furnishes reason for the statutory distinction.

In the present case, the court affirmed the decision of the United States District Court for the Southern District of California, which upheld the statute, by citing the case of Crane against Johnson without filing an opinion, thus intimating that the validity of a special provision in statutes for the practice of healing by prayer or religion is now well settled. Such special provisions have also been upheld by the appellate courts of California, Kansas, Illinois, Louisiana, Georgia, New York and Massachusetts.—Christian Science Monitor.

MR. DEBBS IS LOYAL.

Eugene Victor Debbs of Terre Haute, Indiana, the man who has been a candidate for president of the United States more times than any other living man, one of the most prominent Socialists of the country, has definitely lined up with the American wing of the Socialist party.

The Socialist party ran onto the rocks of Kaiserism at the convention in St. Louis last year, when the members were controlled by Victor Berger and Morris Hilquit and their pro-German sympathizers, and a platform that made every true American blush with shame was adopted.

Mr. Debbs was the candidate of the Socialist Democratic party for president in 1900, and of the Socialist party in 1904, 1908 and 1912. He has issued a call for delegates to the coming Socialist convention to declare pro-Ally fealty; and with this veteran leading the patriotic section of the party, there is little doubt but what the St. Louis platform will be repudiated.

Mr. Debbs began life as railroad fireman on an engine running out of Terre Haute. Later he became secretary of the Firemen's Brotherhood, and then president of the American Railway Union. He was the leader of the great A.R.U. strike, which involved railroad workers all over the United States and was the cause of many thousands of his followers losing their jobs before the strike collapsed. Mr. Debbs served six months in prison for contempt of court.

This wandering agitator and fluent writer has had a loyal following that has never deserted him.

President Wilson says we will fight till "the last gun is fired." Also till the last Hun is fired from Belgium, France, and various other countries.—Chicago Herald.

We have in the world too many Germanized socialists and too few socialized Germans.—New York Sun.

IMPORTANT NOTICE.

June 5, 1918.

C. W. Warner, Huntington Beach, Cal.

Dear Sir—I am just in receipt of a letter from the Food Department stating that all dealers in non-essentials who do not file their statements with me by June 10th will receive no sugar whatever for the balance of 1918.

It is very important that you give this notice the widest possible publicity, as you will see that all manufacturers of soda water, candies and other articles classed as non-essentials cannot get any sugar unless they file statements by June 10th. This will undoubtedly cover the cases of the manufacturers who have already filed their statements with me, but did not give all the information called for on said statements.

Yours veery truly,
C. S. CROOKSHANK.

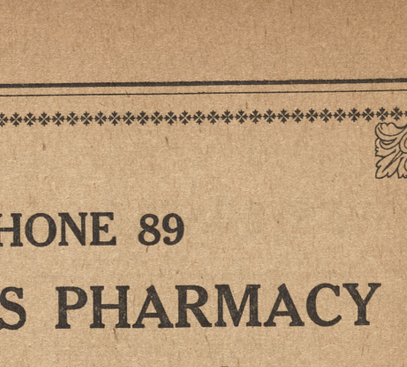
Bathers' Necessities



The bathing season is here and you are no doubt in need of a new bathing suit, cap, bathing shoes or other necessities.

We have a nice line of bathing suits for men, women and children, and many of them at the old prices. We have suits for ladies in green, blue, orange, black, red, etc., at prices from $3.25 to $5.75. For men we have them from $1.00 up, and for children from 75c up. Get your suit early and have a full season's use of it.

Some of the bathing hats this season are very cute and we are sure you will like them. For those who dive we also have the diving cap at 25c, 50c and up. We can also supply the bathing shoes you will need at 50c and up. Hosiery for bathing we have in abundance from 18c up to $2.00. We pride ourselves on our line of hosiery, and seldom fail to please our customers in that line, both in price and satisfactory wear.

Bath towels we have a large supply of and can sell you at 25c, 50c, 75c. A good bath towel at 25c is hard to find now, but we have some 18x34 of good quality at 25c. You will like them.

Children's play suits we have at $1.00 and $1.15, and many use these for both play and bathing and find them very practical.

Come in and let us fill your needs.

BEET SUGAR PRODUCTION GROWING RAPIDLY.

MUST BEAT GERMANY ON BOTH BATTLE AND BEET-FIELDS.

The following is an editorial from the May issue of Munsey's magazine:

To a great many people the sugar scarcity of the past eight months remains more or less of a mystery, in spite of investigations and testimony, in spite of the calculation of such factors as the cutting off of the German and Austrian sugar crop, the difficulty in shipping Java's sugar to Europe, the diversion of a large percentage of the Cuban crop to England, the canning campaign of last summer, and all the various explanations which are given of our long-continued shortage.

Perhaps we are the better for the experience. During the past fifty years our annual sugar consumption increased from a little less than fifteen pounds per capita to nearly ninety pounds. From this we may deduce one cause of the increased prosperity of the country and one reason why, in consequence of this prosperity, we were as a nation headed for diabetes and various other physical ills.

War rationing has halted for the present this reckless consumption of sweets The actual shortage felt during the winter by probably seventy-five per cent of the population has invited public attention to the fact that although we are a nation possessing vast areas suitable to the production of both cane-sugar and beet-sugar, we import nearly eighty per cent of the great proportion of this sugar comes from a nearly contiguous territory, the island of Cuba, but the experiences of the period just passed show how easily the flow from this source of supply can become unsettled, accesible though it is.

Under government fostering the the beet-sugar industry in the United States has made long strides. It is capable of much greater development. Germany, the pioneer in this industry, more than quadrupled her production between the years 1863 and 1883. In 1890 beet-sugar making was in its infancy here. It produced 2,367 tons of raw sugar. In the year 1914-1915 the production of this sort of sugar had risen to 722,054 tons. If we are to beat Germany on the battle-field we ought to be able to on the beet-field.

The path of the manufacturer is not strewn with roses. He must erect an expensive plant, which stands idle two-thirds of the year. It is absolutely necessary that it should be near the source of supply, and the success or failure of the venture depends in a great degree on the attitude and co-operation of that source of supply—in other words, on the farmer who grows the beets. Yet, in spite of all such drawbacks, the industry has proved profitable to both grower and manufacturer.

With respect to the interdependence of farm and factory, the beet-sugar industry is of especial interest. In contrast with the general tendency toward centralization of power and the growth of large combinations in all industries, the sugar-beet provides a for it has demonstrated that the small farmer can grow beets at a lower cost per acre than that for which they can be produced on a large scale by the sugar companies needing them. An industry which represents such wholesome economic conditions, and which helps to make a nation self-sufficient in one of the necessiteies of life, is a good one for any country to encourage.

To Our Customers

As a war measure, and in line with suggestions of the National Council of Defense, we find that we must eliminate all unnecessary calls and deliveries.

The laundry confronts the problem of continued efficient service in the face of greatly increased costs of production in all departments. One of the main cost items is that of delivery, and when to this is added repeated calls by the driver for bundles not ready the first time, and to collect small amounts from customers who did not pay for their work when delivered, a hardship is placed upon the laundry as well as upon the driver, who must give the time for such extra calls.

In view of these facts we must earnestly request our customers to co-operate with us; TO HAVE THEIR BUNDLES READY UPON THE REGULAR PICK-UP DAY AND TO PAY CASH FOR ALL WORK UPON DELIVERY.

This request is in no way a reflection upon the integrity or the financial standing of any customer; it is issued solely as a stimulus to the egorts of a few who have been thoughtlessly negligent in preparing their bundles and making their payments.

Very truly yours,

TEN YEARS AGO

The Following Items Appeared In the Huntington Beach News of June 5, 1908.

At the Board of Trade meeting Monday evening a resolution by S. E. Hearn opposing race track gambling was adopted.

W. D. Seely and C. W. Warner were appointed as a committee to ascertain the possibility of having the state and county tax rate reduced.

The Y.M.C.A. baseball team of Orange defeated a patched-up team of local boys Sunday by a score of 2 to 20. The line-up of the Huntington Beach team follows: Planchon, c; E. Pryor, p; C. Ramsey, 1b; M. Ramsey, 2b; Worthy, 3b; H. Pryor, ss; Wilkinson, Fields and Brooks, outfielders. Umpire, Rowley.

The graduating exercises of the Grammar school in the auditorium Monday night attracted a large audience, which was pleasantly and profitably entertained. Hans Osterhaus, nephew of Captain Osterhaus of the battleship Connecticut, has plainly allowed naval warfare to occupy much of his thought, and his subject, "If the Monitor Should Meet the Virginia," was clearly to his taste. It was discussed with considerable force and was timely and interesting. The class history as told by Leonard Livernash was well written and well read and received deserved applause. Homer French's class prophecy was both amusing and clear-sighted, and should the destinies which he foretold for his classmates really fall to their lot, they will have little cause for complaint. Miss Ulallie Reed spoke of the class will, and proved conclusively that its members were generous in bequeathing to others some of their attractions. C. W. Warner, a member of the board of school trustees, presented the diplomas with a few felicitous remarks, congratulating them on the progress which they had made in their studies, and impressing on them the importance of acquiring a knowledge of civic duties as citizens as well as a thorough education. Diplomas were given to Homer French, Florence Walker, Raleigh Vincent, Emma Sorenson, Eulala Reed, Robert Philp, Hans Osterhaus, William Newland, Leonard Livernash and Mollie Kozina. Five girls of the seventh grade, Clara Vincent, Marie Osterhaus, Gertrude Kanawyer, Mildred Everett and Dahlia Malan, gave a beautiful exhibition of club swinging, and three boys of the same grade, Carlos Warner, Locksley Livernash and Claude Ramsey, displayed their ability at arts gymnastics, much to the delight of the audience. Principal A. W. Everett of the school is to be congratulated upon the good work in the school under his management.

Last Friday evening Misses Beatrice Kavanaugh, Ethel Crane, Veda Reynolds, Rose Peake and Jessie Newland gave a party at Sixteenth and Orange for the faculty, alumni and pupils of the H.B.U.H.S. About 40 were present and enjoyed the games and refreshments.

The Huntington Beach Y.M.C.A. was organized with a good membership Wednesday night with the following officers: Edwin McKillop, president; Willis Warner, vice-president; Merle Ramsey, secretary; W. L. McKenney, treasurer.

The new Pacific Electric railroad, which has been surveyed as far as Talbert, will soon be completed to Santa Ana, according to the report made at the Board of Trade meeting by W. T. Newland and T. B. Talbert, the committee having the matter in charge.

At the suggestion of the Board of Trade, the band will begin its summer season of open concerts June 15, and will play daily at the pavilion for a period of 12 weeks.

"THE GREAT WHITE TRAIL" HERE SATURDAY NIGHT

"Indiscreet Corinne" Here Sunday Night.

FANNIE WARD IN "THE CRYSTAL GAZER" THURSDAY.

Saturday Night.

The snow was from two to eight feet deep. The hours were long, from the first strong glance of the sun until its dying ray. But none of it bothered Doris Kenyon, who is to appear at the Princess theatre Saturday night as the star of "The Great White Trail," the new super-feature by The Whartons, who produced "Patria," and other successes. And the reason for it all was that Miss Kenyon lives the life of the outdoors, the weather didn't worry her a bit.

Practically all the settings of "The Great White Trail" are in this sort of scenery, with everything from ice caves, containing stalagmites of ice from five to ten feet thick, to glaciers in predominance. The story is one of the gold rush days in the Klondike, and deals with a misunderstanding between husband and wife, which robs them of happiness until the tug of a pair of baby shoes once more brings them together.

A little touch of untold Alaskan history is shown in "The Great White Trail," and that touch is known as "the slide-back." In the days of the gold rush, progress was slow toward the fields of wealth. Every man must carry his own burden—and there was only one way to get this over the mountains. That was to carry as much as possible up a steep incline, slide down the incline, get another load and continue this until his whole outfit had been taken to the summit of the pass. And in the portrayal of this, the characters take on the appearance of great schoolboys as they slide down the long passes toward the bottom and the upward trudge again.

It is in seven reels.

Sunday Night.

Little Pansy Hartley, a girl with a "past," was torn between love and purpose. She wanted to go straight, and saw her opportunity if she cast love aside.

Backed by two mysterious men, who had assured her that nothing either immoral or illegal would be required of her, she had moved from her poverty-stricken little quarters to a sumptuous hotel. Here, supplied with a magnificent wardrobe, she was living as the Countess of Tuscany.

Her only instructions were to meet Nicholas Fenwick, a young South American millionaire stopping at the same hostelry, and win a promise of marriage from him by fair means or foul!

The meeting was easy for this worldly-wise young girl with more than her share of good looks. Her plans were progressing famously when there appeared on the scene a beautiful masked dancer who threatened to upset her schemes and rob her of the $25,000 she had been promised if she secured a proposal from Fenwick.

A glamour of mystery surrounded the dancer. It was whispered she was a prominent society girl on a lark or a dare. Fenwick seemed to be falling a victim to her charms.

Then, to further complicate matters, Rocky Van Sandt, handsome and debonair young clubman, appeared on the scene, and his attentions were far from distasteful to the "Countess."

How the Countess of Tuscany forced Fenwick to compromise her good name and won an unwilling promise of marriage from him, and how love found a way out, is the thrilling surprise in the new Triangle comedy-drama, "Indiscreet Corinne," starring Olive Thomas. Manager Endicott of the Princess theatre has booked this play on Sunday night.

Thursday Night.

A new star at the Princess theatre on Thursday, June 13th—the charming Fannie Ward in "The Crystal Gazer." A wonderful picture with a more wonderful star. And when you have added to this great feature a Bray cartoon, "Quacky Doodle Signs the Pledge"—well, laugh your head off, I should worry.

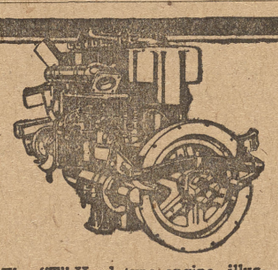
STANDARD OIL COMPANY (California)



The "T"-Head type engine, illustrated here, like all *internal combustion engines*, requires an oil that holds its lubricating qualities at cylinder heat, burns clean in the cylinders and goes out with exhaust. Zerolene fills these requirements perfectly, *because it is correctly refined from selected California asphalt-base crude.*

LOGAN JACKSON IS CANDIDATE FOR SHERIFF.

WAS IN HUNTINGTON BEACH SATURDAY LOOKING AROUND.

The latest candidate in the field for county political honors is Logan Jackson of the city of Orange, who announces his candidacy for the office of sheriff.

Mr. Jackson was in Huntington Beach, Saturday, accompanied by D. G. Wettlin, an attorney who formerly resided in this city, and now city clerk of Orange, and judging from the favorable impression made by the latest aspirant the short time he was here, there appears to be but little doubt but what his name will be on the ballot for the final count in November. Jernigan and Boynton might as well save the air and water required for their tires and radiators for making the canvass, as these commodities might be scarce later on.

Mr. Jackson was born in Santa Barbara, 34 years ago, and since that time has accumulated one of the finest physiques imaginable, standing six feet one and tipping the scales around the 250 mark. He is a brother of Grant Jackson, one of the superior court judges of Los Angeles county, and when you meet him you will say that his bigness is not confined entirely to avoirdupois.

He has been constable of Orange township for the past 7½ years, and, according to the Orange News, has made an efficient record, and stands high in that section of the county. Mr. Jackson has resided in Orange for 15 years, and his father was the late Maj. William Jackson, a Civil War veteran.

RED CROSS

The regular monthly meeting of the Red Cross will be held at the Red Cross rooms, public library, on Wednesday, June 12th, at three p. m. All members are requested to be present.

Orders were issued from headquarters recently that all entertainments given for the benefit of the Red Cross must be given under a permit to be obtained from the local chairman, Mrs. Heffner, and that all proceeds in excess of actual expenses must be donated to the Red Cross.

On Monday evening, June 17th, Mrs. Anna Castleman Wolfe will give a concert for the benefit of the Red Cross. Full particulars will be given later.

Mr. Hill donated to the Red Cross eight hundred pounds of potatoes and the Huntington Beach Company furnished the men to dig and sack them. These Red Cross potatoes will be on sale at the ranch house, where the chairman, Mrs. Heffner, will be pleased to take orders. Come early and get yours.

The ladies of Huntington Beach are responding nobly to the call for workers at the Red Cross rooms, and the highest expectations of the officers have been realized. The willingness of the Huntington Beach ladies is another mark of the city's patriotism.

FRANCES R. NELSON, Sec.

DROP SOME OF YOUR SMALL CHANGE IN THE PIG.

All those who are interested in the coming of the Old Soldiers to Huntington Beach should show their appreciation by dropping some of their small change in the pig in the First National Bank.

Mrs. Mary McCain is president of the Woman's auxiliary, and is anxious that the Huntington Beach pig make a good showing on "slaughtering" day at the encampment.

As has been stated, the money deposited in these pigs is used to buy beans for "Bean Day" when the Old Veterans are on the camp grounds.

DANCING PLATFORM WILL BE CONSTRUCTED.

For several years the Old Soldiers have desired a dancing platform on the camp grounds, and it remained for Mrs. Mary McCain, president of the Woman's auxiliary, to make this possible for them.

The lumber has been donated by the E. K. Wood Lumber Co., and L. T. Young will do the work free of charge. The floor will be 14x30 feet. The E. K. Wood Lumber Co. and Mr. Young are to be commended for their generosity.

SECOND RECITAL OF PUPILS' SERIES MONDAY.

DOROTHY GRUNWALD WILL BE THE PUPIL.

The second series of pupils' recitals to be given by the Valentine Conservatory will be given Monday afternoon at 3:30 at the conservatory, Sixteenth and Olive, and Dorothy Grunwald will be the honored student.

Fine wedding and birth announcements printed at the News office.

GOOD PROGRAM WAS RENDERED AT CHURCH.

CHILDREN'S DAY EXERCISES SUNDAY NIGHT.

There was an appreciative audience at the Methodist church Sunday night to enjoy the Children's Day exercises arranged for the Sunday school.

F. H. McElfresh, superintendent of the Sunday school, presided. Forest Alice Dubius carried off the honors of the evening by rendering a song, using her ukulele as an accompaniment.

As a reader, Nora Davey displayed marked ability. Other numbers which were appreciated were a song, "I Love Him, Don't You?" by Louise Copeland and Forest Alice Dubuis; reading, "Pass It On," Helen Moore; duet, "Summer, Beautiful and Bright," Irene Hodge and Elsie Lake; recitation, "The Lessons of Children's Day," Velma Williams; recitation, "Cheer Up," Ethel Bartholomew; recitation, "Only a Dream," Merle Moore; duet, Maybelle Elfeld and May Fowler; recitation, "If You Have a Message," George Bundschuh. Miss Van Fleet presided at the piano, and the exercises closed with the singing of "America." The other numbers were by classes, and no names were given.

JACK GIVEN JOINS THE COLORS TODAY.

The latest young patriot of Huntington Beach is Jack Given, son of Mr. and Mrs. John Given, who reported today at 3 o'clock in Los Angeles for service as an artilleryman, going to Camp Kearny. Jack is a fine specimen of young manhood, and will no doubt make a creditable soldier, and the Hun that tackles him in single-handed combat will have some respect for the American soldiers, if he lives to tell the story. He is not yet of age, consequently his enlistment is entirely voluntary on his part.

JOE BACKS WILL RUN FOR COUNTY CLERK.

HE HAS BEEN A POPULAR DEPUTY.

J. M. Backs, the popular chief deputy in the office of County Clerk N. T. Edwards, has announced that he will be a candidate for the office, inasmuch as Mr. Edwards has declined to be a candidate. Mr. Edwards has stated that he did not want the office because there is more work attached to it than he is able to look after properly and care for his private interests, which shows that he is an honest official, as many would have let the deputies do the work and look after their own interests and draw the salary.

Mr. Backs was born in the city of Anaheim, the Old Mother Colony of Orange county, and it is interesting to note what the Anaheim Gazette says about the native son candidate, which appeared in the issue of last week, as follows:

"Responding to the solicitations of numerous friends throughout the county, J. M. Backs, it is announced, has decided to enter the race for county clerk. This announcement will be pleasing news to his wide circle of friends in Anaheim.

"There is no man in the county better fitted for the position than Joe. He has been a deputy in the clerk's office for a number of years, is now the chief deputy, and is familiar with all the duties pertaining to the office. The recent announcement of County Clerk Edwards that he would retire at the expiration of his term left the field open, and nothing is more fitting than that his chief deputy should step into the vacancy.

"Mr. Backs is a native son of the county. He was born in Anaheim and grew to manhood here. By reason of his long connection with the clerk's office he has made a host of friends in every section of the county, who have been urging him to be a candi-

CADETS' CAMP.

(By One of the Contented.)

On Thursday last the High School Cadets Forded to Silverado canyon for a three days' outing. I say "Forded," which word may be capitalized or not—it is correct in either case. Twenty-one were there in camp, including W. M. McGuire of the High School Transportation Co. and V. B. Brown.

The situation of the camp was between two high ridges, with a noisy brook running near—a most beautiful site.

The time was spent in hikes, games and fishing. Each night the camp fire lent an atmosphere for songs and jokes. At 9:30 taps were sounded and the bunks were sought. These were made upon the ground. The sound slumbers of the snorers were guarded by two sentries—two-hour watches, four shifts.

6:00 a. m., rising bell. After setting-up exercises, a cold plunge in the brook was enjoyed; then came breakfast. The kitchen squad was made up of W. M. McGuire, head chef; John Murdy, quartermaster; Teddy Tarbox, frying pan flirt. And such "grub"—ah, yes! Curley Rennick, the camp mascot, said the "eats" were good enough for him, and Curley is particular. Ask him if "water dogs" are friendly.

Russell Alford, the broncho buster, entertained us with some daredevil riding. The Hash Handers and the Bread Bowlers played two interesting ball games—even up. Jerome Hodge, the holy roller, played nine pins down the mountain side. Arthur Johnson took fisherman's prize, with Gordon Talbert a near second. All of the boys visited Silverado mines.

At the last campfire Mr. McGuire was presented with a pocketknife from the boys as an appreciation of his comradeship. The boys named the site Camp Contentment.

A word of praise must be given Commander Cecil McCoy, who had charge of the Cadets and managed the whole affair smoothly and well. But he had the best bunch of fellows that could be found.

Final verdict: "Best time in my life."

The contented—Cecil McCoy, Carmel Grana, John Murdy, Royal Jumper, Russell Alford, Jack Renfro, Jerome Hodge, Teddy Bushard, Robert Peters, Wesley Cole, Albert Jumper, Avery Rennick, Ralph Kohlmeier, Teddy Tarbox, Gordon Talbert, Harold Preston, Harold Fink, Neal Bradbury, Arthur Johnson, W. M. McGuire, V. B. Brown.

ANNOUNCEMENT.

(Authorized Publicity.)

Orange, Calif., May 28, 1918.

Having been urged by a number of the citizens in the different sections of this county to become a candidate for the office of sheriff, I wish to take this method of announcing my candidacy for said office.

I have filled the office of constable of Orange Township for the past seven and one-half years, and, therefore, have had experience in enforcing the law in this county, and am conversant with the requirements and duties of the sheriff's office, and should I be elected sheriff the duties of that office will be performed without fear or favor, and it will be my plan to make the sheriff's office a protection to the entire county, and every part thereof, and to that end I will co-operate with the local officers of the various localities in the enforcement of the law.

U. S. SEED BEET ACREAGE.

An increase of over 50 per cent in sugar beet plantings for the production of beet seed in the United States in 1918, over those of 1917, is estimated by the Department of Agriculture.

The probable number of acres to be put out in 1918 is placed at 6177 in the report, as against 3893 acres in 1917 and 4583 acres in 1916.
